

EmpNo	Employee Name	SSN	Description	Favorite Fruit	Home Phone	Street Address
1000	Employee Name - 0	SSN - 0	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 0		His/Her Work Phone - 0000	His/Her Street Address - 0
1001	Employee Name - 1	SSN - 1	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 1		His/Her Work Phone - 0001	His/Her Street Address - 1
1002	Employee Name - 2	SSN - 2	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 2		His/Her Work Phone - 0002	His/Her Street Address - 2
1003	Employee Name - 3	SSN - 3	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 3		His/Her Work Phone - 0003	His/Her Street Address - 3
1004	Employee Name - 4	SSN - 4	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 4		His/Her Work Phone - 0004	His/Her Street Address - 4
1005	Employee Name - 5	SSN - 5	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 5		His/Her Work Phone - 0005	His/Her Street Address - 5
1006	Employee Name - 6	SSN - 6	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 6		His/Her Work Phone - 0006	His/Her Street Address - 6
1007	Employee Name - 7	SSN - 7	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 7		His/Her Work Phone - 0007	His/Her Street Address - 7
1008	Employee Name - 8	SSN - 8	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 8		His/Her Work Phone - 0008	His/Her Street Address - 8
1009	Employee Name - 9	SSN - 9	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 9		His/Her Work Phone - 0009	His/Her Street Address - 9
1010	Employee Name - 10	SSN - 10	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 10		His/Her Work Phone - 00010	His/Her Street Address - 10
1011	Employee Name - 11	SSN - 11	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 11		His/Her Work Phone - 00011	His/Her Street Address - 11
1012	Employee Name - 12	SSN - 12	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 12		His/Her Work Phone - 00012	His/Her Street Address - 12
1013	Employee Name - 13	SSN - 13	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 13		His/Her Work Phone - 00013	His/Her Street Address - 13
1014	Employee Name - 14	SSN - 14	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 14		His/Her Work Phone - 00014	His/Her Street Address - 14
1015	Employee Name - 15	SSN - 15	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 15		His/Her Work Phone - 00015	His/Her Street Address - 15
1016	Employee Name - 16	SSN - 16	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 16		His/Her Work Phone - 00016	His/Her Street Address - 16
1017	Employee Name - 17	SSN - 17	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 17		His/Her Work Phone - 00017	His/Her Street Address - 17
1018	Employee Name - 18	SSN - 18	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 18		His/Her Work Phone - 00018	His/Her Street Address - 18
1019	Employee Name - 19	SSN - 19	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 19		His/Her Work Phone - 00019	His/Her Street Address - 19
1020	Employee Name - 20	SSN - 20	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 20		His/Her Work Phone - 00020	His/Her Street Address - 20

EmpNo	Employee Name	SSN	Description	Favorite Fruit	Home Phone	Street Address
1021	Employee Name - 21	SSN - 21	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 21		His/Her Work Phone - 00021	His/Her Street Address - 21
1022	Employee Name - 22	SSN - 22	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 22		His/Her Work Phone - 00022	His/Her Street Address - 22
1023	Employee Name - 23	SSN - 23	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 23		His/Her Work Phone - 00023	His/Her Street Address - 23
1024	Employee Name - 24	SSN - 24	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 24		His/Her Work Phone - 00024	His/Her Street Address - 24
1025	Employee Name - 25	SSN - 25	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 25		His/Her Work Phone - 00025	His/Her Street Address - 25
1026	Employee Name - 26	SSN - 26	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 26		His/Her Work Phone - 00026	His/Her Street Address - 26
1027	Employee Name - 27	SSN - 27	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 27		His/Her Work Phone - 00027	His/Her Street Address - 27
1028	Employee Name - 28	SSN - 28	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 28		His/Her Work Phone - 00028	His/Her Street Address - 28
1029	Employee Name - 29	SSN - 29	This is a JTextArea cell displaying a long text wrapped in a scroll bar using a custom cell renderer. Each cell is uniquely identified by a cell number. Cell # 29		His/Her Work Phone - 00029	His/Her Street Address - 29
